Naruto's pov:

I was walking from the hospital I have Good news For Sasuke! 'I'm excited to tell him! Can't wait!'

If you were wondering why I'm happy and excited well because I'm pregnant!! Yeah I know Boys Can't be pregnant because they don't have a womb well except for me I'm Lucky!
I can carry children well that was Dr.Tsunde said.

I was about to enter the house..But I saw two cars in the garage 'Strange I don't remember Sasuke having two cars' When I opened the door I saw woman clothing scattered on the floor and some of Sasuke's too I heard moans and groan's in the bedroom 'It can't be...' I quickly slam the door open to my horror I saw Sasuke and my own Bestfriend Fucking each other.

They quickly stop and look at me in shock I don't know what to say.. I'm angry and I burst into tears "W-why?

I ran Out of the house I packed my things I heard Sakura said "We can explain!" And Sasuke Just stared at me
This make me more angry at them "How long had been this going on how long?!" Crying and I waited for answers but they just look away guilty what they did to me especially My own lover didn't even said anything,I was Mad and Frustrated I slam the door shut and left

Sasuke's pov:

"Sasuke! How can you just let him go like that?!"Sakura shouted "Hn let him leave" But deep down I want to ran after him and explain to him everything but I made a deal with my father

I love him my whole heart but I can't be with him because of my

stupid
Father he wanted a heir to our company since my Brother ran away from home with he's boyfriend my father were furious and he had no other choice but me to have the company I declined it but He said to me that he would hurt Naruto and I would never see him again and the worst part is to make me Marry to some random girl I was angry at my father But I can't do anything because I know he will do it I have no other options 'I'm really sorry Naruto'

"HOW CAN YOU SAY THAT?!" "HE'S MY BESTFRIEND!" Sakura shouted again "Let him be sakura you know the deal"(Forget to mention Sakura actually dating hinata in this story and Hinata already know the deal with Sakura and Sasuke.Hinata was upset and mad but in the end she can't do anything about it)

Sakura pov:

I'm still mad and sad at the same time "But-" "Sakura." Sasuke said glaring at me "Fine once this deal is over"

[Tears] -Chapter two

[image]

Naruto's pov:

I'm been crying and frustrated 'Why? Why this is happening to me?!' I burst into tears 'What did I do wrong to deserve this?!'

After hours of Crying and frustration I've arrived at my Brother's house

"Kurama" Yes I have a older brother his name is Kurama Namikaze he's 25
And I was 20

"Oh my dear brother!! welcome home!" Said Kuruma happily and excited Kuruma is always Clingy and overprotective of me since when Our parents died in a Car accident Kuruma-nii never show this side of him when we're outside people thought that He's scary,Strict,And cold hearted well it's quite the opposite well except being STRICT part

I hugged him tightly "Oh my! Did you miss your older brother that much?"
Kuruma said.And Sometimes I want to kick his ass."Naruto? Something wrong?" I was quite didn't say a word

"Naruto you're creeping me out right now this not the usual you"Kuruma said again I took a deep breath and cry in his shoulders "WOAH what happened?!"Kuruma said worriedly

"Nii-san Sasuke cheated on me" in Shakey breath I know Kuruma must furious right now "WHAT?!" Kuruma said Angrily "Nii-san calm down" I said.

When Kuruma calm down little bit "Naruto explain to me I promise I won't be mad" he said calmly I was thinking for a moment

After I explained everything to my older brother

"That Uchiha brat I trusted him to take care of you and not to break your heart I swear to GOD I would break every bone in his body" "Nii-san you promised me not to be angry" I said calmly

"Sorry I just carried away.Soooo what's the another news?" He asked. I took a deep breath,He was raising his one eyebrow 'Here goes nothing' "I'm pregnant" He was shocked to hear those words and start laughing "Good one Little brother"

"No I'm not joking nii-san" I show him the ultrasound "But H-how? You're not a woman Naruto" "I don't know either but Baa-chan said I can carry children and can well pregnant" He was still shocked about the news

"Huh?That uchiha not only cheated on you but You got pregnant by him too I'm sure Now I want to kill him " "NII-SAN" "Gomen gomen" Kuruma said.

We were quite and Kuruma decided to say something "Little brother I'm going to a business trip and live there for 5 years"he said calmly "Are you gonna leave m-" I was cut off by Kuruma "No I'm taking you with me" I was shocked to here those words "Why tho?"

Oh Forget to mention after Our parents died Father left two company and since Kuruma is older than me he took over Namikaze company at age of 11 people still didn't give Kuruma the Namikaze corps. Since he's still young so they made a deal when Kuruma turned 18 he would officially own the company if you're asking What happened to the second company

Well It supposed to be me to own it but I declined I said to them that my older brother should own it since he's older and smart and I don't know how to handle a company yeah that happened

>Anyways back to the topic<

"No reason I just don't want to leave you here and stuck with the Uchiha brat here in Japan and It's lonely if I go there and besides You can start new life with you're future child without the Uchiha

in America so what you say?"He asked

"..I don't know Nii-san-" "PLEASE NARUTO Come with me I don't want to be lonely!!" My brother whined

"Fine" "YAY!" 'Oh dear here goes he's childish side' My brother hug me tight ly like I'm going to disappear in mid air "I know you can't resist your older brother!!" He said excitedly

>Time skip in the airport<

Third person pov:

Naruto and Kuruma arrived in the airport "Come on Naruto"Kuruma said excitedly Naruto in the other hand

Naruto is nervous because he never been in a plain before Kuruma grab his brothers hand Excitedly "I promise It's gonna be fine and I know you would love it there!" Kuruma said comforting his Little Brother 'I hope' Naruto thought "I guess it's for the best"Naruto said "That's the spirit!" Kuruma said

They entered the plane and ready to go 'I hope we're going to be fine my future baby' Naruto thought and smiling.

And the plane took off 'Here we go' Kuruma and Naruto thought

After The paled man closed the door I heard running towards it 'Did he Forgot something?' I asked my self

Out of no where my older brother burst in "Where's the baby?!I want to see it!"Kuruma said excitedly "Shh brat the baby is sleeping

"I will!!!" Kuruma said "So Naruto when are you going to reaveal Little menma to Uchiha?" My brother said 'Oh shoot I almost Forgot about Sasuke'

I took deep breath and said "I have no planning to reaveal him to his Bastard father" I said coldly

"You know you can't hide him forever sooner or later he's going to find out do you know that?" Kuruma said while raising one of his red eye brows

'He's right I can't hide him forever and What would happen if he takes him away from me?I don't want that' I said to myself

"Umm hello??? Earth to Naruto?" Kuruma said I snapped open my

>After the flight and moving in<

Naruto's pov:

'Phew that's the last one of the boxes'
"Thankyou for the help Hinata-chan and Ino-chan" "You're welcome Naruto-kun/Naruto" Hinata and Ino said.

"Menma come down here" "Wait a sec ma" I heard me son said meanwhile Hinata and Ino is confused

"No I'm surprised that you have a son"Ino said and Hinata just stood there

"Yeah I have a son"While smiling to them

"So that mean..."I heard hinata said

I heard Ino fangirling like back in highschool and I started to remember Sakura and Sasuke again'Damn it this memories' I said to myself in my mind

"That's mean you have a wife!"Ino squealing like fangirl again "So who's the the lucky girl?"Hinata said 'Tbh Hinata been there for me in highschool like a Big sister who always protect me'

"I don't have a wife"I said calmly They both shocked "Ehh?!"I heard them said at the same time

I sigh "Let me explain to you guys"
They nodded 'Here we go again'

>After the explanation<

They're both speechless "You two still don't believe are you?" They're about to say something I pulled out the Ultrasound "Oh my.."I heard Hinata said

We're about to talk about something else but— "Mama!!"Menma shouted and jump on me "Why hello they're sweetie"While giving him a sweet smile

Menma turned around confused
"Mama who's those people?"My angel said "Menma meet your aunt Ino and Aunt Hinata say hi to them" "Hi..."Menma said while gripping on me like he's about to disappear

"Why Hello menma you're so adorable"Ino said,Menma blush by the compliment like in airplane hours ago I chuckled

"Can I hold him Naruto?"Ino said Menma is gripping even harder on me now I heard him say "Is she gonna take me away?"Menma said

"Of course not sweetie she just want to spend little time with you I promise she won't take you away"I said while patting his back "Promise?" "Pinky promise"

I let go of him and give it to Ino I smiled at them walking away to go the kitchen to make tonight's dinner

"Naruto" I heard hinata said While I'm preparing tonight's dinner

"Does Sasuke know about this?"I stopped 'Of course she would asked this' I look at her her eyes are full or concern and guilt?

"Does he knows?"hinata said again I sighed "No hinata I didn't tell him"

"Oh.."I heard her said "Hinata it's fine"I said but deep inside it's not really fine and I'm still angry and hurt about

I shrugged it off I Tried to change the topic "Let's talk about something else okay hinata-chan?"I smiled at her she smiled back after the talking and after the dinner we said our goodbyes to Ino and Hinata

"Mama are they going to be back again?"I heard menma "Of course" "When?"The little raven asked "you loved them more than me now?"I tease but Menma sometimes take it seriously

"Of course not!!Mama is still the number one I loved,I love mama more!!"He said while jumping on me and giving me kisses and hugs I chuckled "Now,now you need to go to sleep you have a big day tomorrow"I poked his forehead

>few minutes later<

"....And they lived happily ever after the end"I gently close the book and kiss my Little menma's forehead "Sweet dreams"I said while I walked away and close the door

>At the master bedroom<

I jumped in the mattress and stared at ceiling for a bit 'I'll find a job tommorow..'Before I knew I fell asleep

[First day of school] -Chapter 06

[image]

Okay so this chapter is about menma
And thankyou for enjoying this book or not but still thanks for reading this
And I promise I'll make more stories about Sasunaru or even Sakuhina anyways back to the story...

_____

Menma's pov:

"Menma!!!Time for breakfast you don't want to miss your first day of school here aren't you?"My Mama shouted "I'll be a minute there ma!"I said happily and excited

I rub my eyes and stare in the ceiling for a awhile,and started to get out of my bed,And start lazy walk straight to go to the bathroom

After bathing, Brushing and got clothes on

I started running down the stairs and saw mama waiting for me in the kitchen he still didn't notice me that I was behind him,I snickered and hug him "Mama!!"

"There you are!"Mama said while smiling "Eat up I'll get you to school"
Mama said While smiling

"Okay!!"I said happily mama always cook the best foods,and sometimes I wondered who is my father is,and why did he left us,Mama is kind,sweet, beautiful And a best mom,I don't understand why,But Shrugged it off and started eating

>Time skip<

"Now menma behave yourself okay? Don't bully or hurt people cause I'll be sad"Mama said "I will behave and I would never hurt or bully people!!I promise that!"I said while hugging mama I heard mama chuckled I was happy I can make mama smile and laugh "Okay then bye bye menma I'll pick you up later okay?"Mama said while he kissed my forehead "Bye!love you mama!"I said while waving a goodbye"

I walked in the school there's a alot of students and strangely lot of the people staring at me 'Do I look funny?Do I look ugly?Do they don't like me?'I thought to my self and I accidentally bumped into someone

"I-I'm sorry I didn't look where I going!"I said nervously and saying sorry again "You don't have to apologise" a girl said 'Wait— a girl?!' I look up I saw a girl with short raven almost black hair,She had black eyes with glasses on and pale skin

"Here let me help you"The girl said While handing me her hand and help me to get up "Thanks..errr" "Sarada,Sarada Uchiha"She said "Oh!Thanks Sarada-chan,I'm Menma,Menma Uzumaki!"While I gave him a toothy grin

"Well nice to meet you Menma,I assume you're new here aren't you?"
Sarada asked "Yeah,Me and my mom just recently moved here"I said to her

"Oh that's nice so what class are you in?"the raven haired girl asked

"Hmm let me see..."I took out a paper and checked what classroom I will be in "Oh! It's 1-A"I said to her "That's my class to!"Sarada said Smiling "I can walk you there"She said

I followed her and The students started whispering I felt uneasy and I felt a tap on my shoulder "Are you okay?"Sarada asked "Yeah I'm fine,I been getting stared at by the other students and hearing them whispering something...Do they hate me?"I asked her

She blinked for a moment and started to chuckled "What's funny?"I pouted like a child well I'm 5 years old what you expect?

"They don't hate you silly!"I heard her said "Then why their staring at me like that?"I asked "They staring at you because you're new,We don't usually have new comers here,So yeah,And you do realize that you're good looking too?,And that's why lot of the students look at you like that and whispering about you"She said while saying it to me

"Me,Good looking?"I asked "Yeah silly!have you ever looked at a your self in a mirror?"The girl said while fixing her glasses "Yeah..But I don't know that I was that ***Good***-looking"

We talked awhile and we reached our class I sat beside Sarada since she's the only I know in this school I mean She's cool she look like a older sister but she's few months younger than me

>Time skip<

[It's lunch time]

Me and Sarada sat under a tree
I looked at my lunch box and see a Onigiri,Spaghetti with tomatoes on it,Tomato sandwich,And a orange juice

'Yas!Mama's homemade spaghetti!'I thought to my self and smiling

"You seem happy over there"Sarada said while eating her food "Yeah! Because mama cooked some of my favorite food!"I said happily while eating my Spaghetti with tomatoes

"You sure eat tomatoes alot,You're just like my father *Sigh*" Sarada said sadly the mention of the word "Father"

"You seem upset Sarada-chan" I asked her while eating my Onigiri "Wanna talked about it?"I asked her

"I don't know..."Sarada said "Come on don't be sad,Here you can have my tomato sandwich while we talked about it besides I don't even have a father"I Said to her while handing her my sandwich and she accepted it

We talked about it for awhile
"Sooo you mean your father don't spend time with you and your

mom?"
I asked

"Yeah he always in his office do works,Even if he have time for us he always tired and sleep don't get me wrong he always spend time with me sometimes"She said

"Then why are you feeling down?"I asked her "Well...I have a feeling that Dad doesn't love mom because he always ignore her or sometimes get irritated if mom is around him...." I felt bad for Sarada..

Sarada pov:

I said everything to him Somehow I feel calm around him and strangely he somehow lot some resemblance of Dad,Menma had Raven almost black haired like me and dad and he had pale skin and He likes tomatoes like dad And he always 'Hn' as well like dad but Shrugged it off and Also I feel like we were siblings and I like it since I'm a only child and bit lonely at home

I don't usually friends to anyone but somehow I want to be friends with him tbh He's only one who doesn't friends with because of money and status and he seem to be trusted

"Anywaysss, Let's change the topic shall we?"I said to him
"Okay!"He said while finishing his Orange juice

We talked and had some fun in the playground in the school "That was fun" "I know right?" 'It was fun spending time with him,Ugh I wish we were siblings'I thought we are now in the front gate of school ready to go home,And I saw papa waiting for me

"Oh that's my ride nice we will see again!"I waved at him and run towards my father "You seem made a friend Sarada"He asked "Yah He was different from others he's not like another kids that Only wanted to be friends with me because of Popularity and money "I said to my father smiling

"Hn,Well that's nice,What's his name?"Father asked while driving
"Menma,Menma Uzumaki" I said while reading my notes

Sasuke pov:

"Menma,Menma Uzumaki"My daughter said

The mention of the last name make my heart drop,The only Uzumaki I know is Karin or either Naruto but I'm sure Karin don't have a child since she worked in my company

Can it be?My heart beating faster 'Has he moved on already?'I thought to my self,and started to imagining The one I love years ago having another family and that's not me My heart ache imagining those stuff and I'm sure Naruto is into boys

And I've been searching for Naruto but everytime I asked one of his friends said that they don't know where is he
I was getting anxiety and worried where he went 5 years ago I regret Everything and Since my father died because of Heart attack 4 years ago

I would be able to divorce Sakura and Make Naruto my wife and we can even raised Sarada as our own child But I still can't divorce Sakura since I still can't find Naruto and I still don't want Sarada be upset she's still my daughter and Sakura is her mother I don't really care Sakura since she only been arranged married to me and She's a relationship with that Hyuga girl

And I still irritated being with Sakura every time I look at her she reminds me What I did 5 years ago thank god Sarada don't resemble anything about her mother or I'll go insane and one day I found out that Kuruma took Naruto to America

I got angry the fact that Kuruma took ***My*** Naruto away from me and I don't usually get Possesive but if someone took or Flirt with Naruto I usually get angry but I have no rights to get angry at Kuruma since I broke his trust and my promise to him and I broke Naruto's heart or even his trust now..

'I miss Naruto so much' We arrived at our Mansion and Carry Sarada since she falls asleep,The butler open the door for me and sarada to come in

"Welcome home Mr.Uchiha"The butlers and Maids said "I walked to the kitchen and Found Sakura "Take Sarada,I'm tired"I said to her coldly She took Sarada and I took a shower and Ready for bed Me and Sakura don't sleep in the same room and bed

We have separated room I don't like sleeping with her with me I already gave what my father want so I have no reason to sleep again with her like our so called Marriage night and that one time Naruto saw me with Sakura..'Fvck this memory I already guilty and felt so bad and hurt'

I took out our Photo of me and Naruto when we're still Highschool "I miss you so much Love I'll make everything right again and I hope you still love me and still forgive me what I have done to you 5 years ago and I better not see you having a wife and children with or having a husband unless is me" I said while drifting off to sleep

_____
